Future Outlook

Your Company is already on track to take off. The management’s strategy on which hard efforts have been done over the last two years now seem to be converting into reality. While the core business of Insurance is growing in its natural way and converting slowly into earned premium maintaining a very stable growth rate, the Company plans for its investments into Dost Steels Limited (DSL), Golden Chick and Technology have all started to convert into reality. Your Company has already signed Franchise Agreement with Golden Chick American Tender Fried Chain of Restaurants through subsidiary under name of Crescent Star Foods (Private) Limited. I am happy to confirm that the restaurants will start opening up from February 2016 and the professional team has already been hired and sites identified and approved by the Franchise after a successful visit from them for three weeks in Pakistan.

In the meantime there has been substantial development on DSL restructuring and the Banks have accepted the proposal by CSIL in principle and the process will be completed shortly in line with your Company strategy and plan. The Company intends to invest up to PKR.450 million through underwriting of DSL shares.

The underwriting results for the nine months have been very encouraging and show an increase by 352%. It has started benefiting from the unearned premium maturing within the period. As more and more Banks are enlisting the Company on their panel, the Company expects to grow its Fire/Marine and Engineering business and the expected growth will benefit the results of 2016. Three year cycle of earned premium growth will reflect from 2016 results to strengthen the Financial Results of the Company.

It is, however, a matter of concern that the Banking Sector in Pakistan has a policy to discourage fair competition which is one of the biggest reason for low penetration of Insurance in Pakistan as compared to the rest of the world. Each Bank has their own unannounced criteria of issuing Bank Limits to each Insurance Company and the worst is that they have no spoken criteria to enlist Insurance Companies. The printing of approved panel of Insurance Companies is in sheer violation of Insurance Ordinance which clearly states “IT IS UNLAWFUL FOR ANY BANK TO PRINT A LIST OF APPROVED COMPANIES ON THEIR PANEL” Insurance Association of Pakistan has been struggling to take this matter up with all concerned including SECP / SBP and PBA. CSIL is thankful to IAP, however, the Company feels that it will now have to take more stronger view and efforts have to be made directly with the CCP and other forums available to get the monopolistic approach of Banks checked. We feel that the enlistment on Bank Panels is the only constraint in the growth of more profitable classes of Fire and Marine / Engineering and is hampering the overall efforts of the Company. The Company has decided to protect its FUNDAMENTAL RIGHT OF DOING BUSINESS and will utilize all resources to take up the matter with all concerned at all levels.

Your Company is now in compliance with all regulations and is on progress to fulfill its strategy and to be the fastest growing insurance company of Pakistan. The Branch Network has been expanded and professional team building has been done to achieve the desired growth. The Company has started new products eying towards individual clients in Health / Travel and other areas of Micro Insurance. A team of professionals are working on information technology to provide the backup needed for the technology based products reaching to the individual clients. The management expects this to be ready towards the end of 2015, and will provide a launching pad to many products for 2016.

Acknowledgments

The Directors of your Company would like to take this opportunity to thank Securities and Exchange Commission of Pakistan, Karachi Stock Exchange, Lahore Stock Exchange and the Insurance Association of Pakistan, State Bank of Pakistan, the Banks and Financial Institutions for their continued support and cooperation.

The Directors would also like to express their gratitude and appreciation for the support provided by our valued Re Insurers. The Directors would like to thank the consultants who have worked hard and are continuously supporting the Company in getting required approvals and to meet all regulatory requirements and compliances. The Company' management and the Board of Directors strongly believe in meeting all regulations and compliances which leads the Company to be a fully compliant Company in all respects.

We also thank the shareholders, and customers / policy holders and all stake holders for their support and confidence in the Company and its management. The Company and its Directors extend special thanks and appreciation to officers and members of the staff and the entire CSIL team for their devotion, dedication and hard work and their contribution to the growth of their Company.
